

CLIMATE CHANGE 2018 CDP SCORE REPORT

OVERVIEW

The CDP Score Report allows companies to benchmark and compare their progress towards environmental stewardship against peers, in order to continuously improve their climate change governance and stewardship. The score achieved by each company is comparable to companies from its region and sector, and investors will additionally receive a copy of the CDP Score Report.

COMPANY PROFILE

Grupo Elecnor

Region	Europe
Country	Spain
Program	Supply chain
Sector	Electric utilities
Questionnaire	Minimum Tier

YOUR CDP SCORE

MANAGEMENT B

Sector average: D

Regional average: D

Understanding your CDP score. Your Scoring Level (Disclosure, Awareness, Management, Leadership) demonstrates your company's level of environmental stewardship, and your actions and approaches in managing climate change.

Grupo Elecnor has received a score of B which is within the MANAGEMENT band. This is HIGHER than the Electrical Utilities average of D, and HIGHER than the Europe regional average of D.

CATEGORY SCORES

Scoring categories are groupings of questions and are subgroups of the 2018 questionnaire. Weightings are applied to scoring to reflect the relative importance of each category to progress environmental stewardship. The weighting applied to each category varies across sectors to highlight the areas most important to specific sectors. Please note that it is not possible for a category score to be higher than the final level. To find out more about category weightings for each sector, download the 'CDP Scoring Categories and Weighting' documents [here](#).

Some categories have not been included for category score breakdown as they either have a single question or are not scored at the Management and Leadership levels.
